- 1.2 The organizer reserves the right to alter the terms of the promotion, as well as the list and properties of the bonuses.
- 1.3 Participants of the promotion must carefully read and follow the present rules. Ignorance of the terms of the promotion can't be used as an excuse when filing a claim.
- 1.4 Participants of the promotion must keep track of any changes in the terms of the promotion by themselves.
- 1.5 The organizer reserves the right to cancel the promotion at any time.

### 2. Participants

- 2.1 All clients of the company can take part in the promotion.
- 2.2 In order to participate, a client is required to verify their phone number and provide a document proving their identity and place of residence.
- 2.3 Account types eligible for the promotion: Wilford Real.
- 2.5 It is necessary to make a deposit during the run of the promotion in order to receive the bonus. A client can receive bonus after each deposit. The size of the bonus may equal 50%–100% of the deposit amount, depending on the account type, deposit amount and history of trading at Wilford Trade.
- 2.6 Minimum amount of deposit required to participate in the promotion is \$100.
- 2.7 Maximum amount of bonus funds can not exceed \$20,000.
- 2.8 Employees of the organizer, as well as their relatives can not take part in the promotion.
- 2.9 Account used for the promotion can not be used for other promotions of the company.
- 2.10 Bonus funds received using any other promotion organized by the company (if there are any) must be deducted from an account's balance before it can be used for Personal Bonus (provided all other terms of the present promotion are met).
- 2.11 A ratio of the client's own funds to the bonus amount is set for the account used for the promotion. The bonus ratio is set at the moment of the first deposit.

### 3. Submitting a bonus request

- 3.1 In order to receive the bonus, a client should submit a request for participation in the promotion in their Private Office by contacting the company's client support or the client's personal manager.

### 4. Receiving the bonus

- 4.1 After the bonus request is processed by the company's client department within three working days, the bonus funds are transferred to the trading account.
- 4.2 Bonus funds are granted for a period of up to three months. A renewal of the bonus for a period of up to six months is possible if the client deposits at least 50% of the previously granted bonus to the account used for the promotion.
- 4.3 The company can refuse to grant the bonus funds or deduct already transferred funds without explanation.
- 4.4 Further deposits into account before the promotion is ended can also be eligible for Personal Bonus.
- 4.5 If there's a reasonable suspicion of fraud, promotion abuse, or forgery of documents provided by the participant, the account will be disqualified and the client will be denied service. Another possible ground for reconsideration of the results is insufficient trading activity on the account, e.g.: one huge trade or several smaller trades placed approximately at the same time with similar prices, meaning one huge trade was split into smaller ones. To prevent fraudulent activity and money laundering, the company reserves the right to deduct bonus funds and/or deny granting the bonus at any time without warning at its discretion.

#### 5. Using the bonus funds

5.1 Deposit that was used to receive the bonus will be unavailable for withdrawal until the client works off or foregoes the bonus. All funds on the trading account used to receive the bonus (including the profit earned from trading activity) are divided into two parts until the bonus is worked off: the client's own funds and the company's funds, according to the personal funds ratio.

5.2 Personal funds ratio = deposit / deposit + bonus.

5.3 In case of a suspicion of any fraudulent actions with the bonus in the client's trading strategy, the company reserves the right to adjust the result of trading operations. The part of profit received using the bonus funds will be nullified.

5.4 Internal transfers, fees and other non-trading operations are not treated as deposits and withdrawals.

#### 6. Transfer of bonus funds into a client's ownership

6.1 If a client shows high trading activity, bonus funds will be gradually transferred into the client's ownership. For each closed full lot, the client will be able to transfer \$10 of bonus funds. Trading volume required to transfer the whole amount of the bonus is calculated according to the formula: (bonus amount + bonus part of the profit) / 10. Only trades with leverage up to 1:100 are counted towards working off the trading volume.

6.2 The request can be submitted in free form via email or by contacting the company's client support in the client's Private Office after the end of the period the bonus was granted for, or at the moment of foregoing the bonus.

6.3 Partial transfer of the bonus funds into the client's ownership is not possible.

6.4 Only trades involving instruments of the categories FOREX MAJORS, FOREX EXT 1 and FOREX EXT are counted towards working off the trading volume.
